INTERNSHIP EXPERIENCE

Industrial Trainee – Software Development | June 2024 – Aug 2024

Indraprastha Institute of Information Sciences (IIIS) | Delhi (Remote)

- Completed a 10-week intensive training focused on the **Software Development Life Cycle (SDLC)**.
- Led the Requirement Analysis phase for a **Library Management System**, creating detailed Software Requirement Specifications (SRS).
- Designed data flow diagrams to map out the user journey for book issuing and returning processes.
- Gained practical exposure to software documentation and project structuring standards.

PROJECTS

Simple Dictionary App | Oct 2025

- Tech Stack: HTML, CSS, JavaScript, REST API
- Developed a dynamic web application that allows users to search for word definitions instantly.
- Integrated a third-party API to fetch real-time data (meanings, phonetics, and audio).
- Implemented error handling to manage cases where words were not found in the database.

Personal Portfolio Website | Dec 2025

- Tech Stack: HTML5, CSS3, JavaScript
- Built a fully responsive portfolio website to showcase education, skills, and projects.
- Used CSS Flexbox & Grid to ensure the site is mobile-friendly and visually appealing.
- Deployed and hosted the project live on GitHub Pages.

ADDITIONAL INFORMATION

- **Languages:** English (Intermediate), Hindi (Native), Urdu (Native).
- **Soft Skills:** Teamwork, Problem Solving, Effective Communication.
- **Interests:** Open Source Contribution, Learning New Web Technologies.
